Your best performing day is Wednesday (ratio 18:1). Focus high value calls on mid week.

Call Review Intelligence

Top 3 recurring objections:

1. Price too high (frequency: 8)
2. Not enough time (frequency: 5)
3. Already using competitor (frequency: 3)

Suggested counter strategies:

- Price: Emphasize ROI, break down cost per value.
- Time: Highlight time saving benefits, offer short pilot.
- Competitor: Differentiate on integration ease and support.

Top 3 successful techniques observed this week:

1. Social proof with relevant case studies.
2. Active listening and echoing pain points.
3. Framing price as investment with clear payback period.

Notable call observations:

- Gatekeeper objections increased on Thursday.
- Early morning calls had higher connect rates.

Coaching focus for next week:

Practice handling price objections with ROI calculator.
